BACKGROUND WALL

Special locking design of the product, directly using the buckle mounting mode, can be directly installed on the blank wall quickly, saving time and labour and lower cost.

No aldehyde material, no paint components, the installed room has no odour more environmentally-friendly and safer.

The surface of the product can be scrubbed directly with cloth, easily solve the problem of drying and scrubbing difficult decoration products, and the product does not deform or age after forming.

Good moisture resistance, especially suitable for southern home decoration, to avoid wall leakage caused by wall mildew.

EFFECT EXPERIENCE

Due to light and printing and other factors, all product hue and texture effect, please take the real object as the standard.
